Home Maintenance Checklist

Maintenance Notes

Pulte Homes Maintenance Checklist

This checklist covers some basic, necessary maintenance items for most homes. It is by no means all-inclusive. Some items may not be applicable for the type of home and home features you have. For full details, please consult all guides, warranties, and literature provided by Pulte Homes, as well as the specific warranties and manuals for your home's various appliances.

Check or write the date of the month of each maintenance item below. Remember to use a pencil so that this list may be used again or photocopied.

Monthly (on or around the first day of the month)	Jan	Feb	Mar	Apr	May	Jun	Jul	Aug	Sep	Oct	Nov	Dec
Test and clean/dust smoke and carbon monoxide detectors												
Test GFCI/GFI receptacle/breaker and outlets												
► Replace/clean heating, ventilation, air conditioning (HVAC) air return filters

 Perform all monthly and quarterly maintenance in addition to the following (w Clean gutters, downspouts, and roof eaves to remove leaves and debris Check connection between dryer and vent exhaust; repair as needed Check washing machine hoses and connections for cracks and leaks; repair Have an HVAC professional inspect and calibrate your heating and cooling at the series of the series of	ir or rep system ows, do working and ou ng/cooli	place (start pors, e g (care utlets ing su ossibl	as neo : of he etc.; re efully f pply li le, shu	ating a epair a follow n nes ar	s need manuf	oling s ded acture	seasor r's ins	n) tructio	ons)		Apr	Oct

Summer	(on oi	r around	the f	first	day	of July)
--------	--------	----------	-------	-------	-----	---------	---

Perform all monthly and quarterly maintenance in addition to the following (where applicable):

▶ Verify HVAC condensate drain is flowing freely while air conditioning is running

▶ Verify the float switch or overflow pan on a second-floor air handling unit is clear of obstructions and functioning properly

Jul

- ► Verify main water cutoff valve is accessible and functioning properly
- ▶ Have professional chimney sweep inspect and clean fireplace flue/chimney; check caulk around fireplace facing and repair as needed
- > Apply water-seal treatment to all outdoor exposed wood (power-washing wood first may be necessary)
- Inspect roof for loose or missing shingles or flashing
- Clear/clean weep holes in brick siding
- Service septic system

Winter (on or around the first day of January)

Perform all monthly and quarterly maintenance in addition to the following (where applicable):

Remove ice buildup, snow, or any debris from roof when needed to prevent leaking

▶ During extreme cold, leave indoor faucets located on exterior walls dripping to prevent pipe freezing

Jan
